

Plantation Gardens

Rustburg, Va.

LOCATION OF NURSERY: In Campbell County, south of Lynchburg, just off of U. S. Highway 29. (We are not at Rustburg.) For the North: Take the new expressway, bypassing the city of Lynchburg, and drive for five miles—after the bypass ends—until you see our roadsign on U. S. 29 and County road 622 (just beyond Bonnie's Lake); turn right on 622 for a little over a mile and a half; our entrance sign is on the left side of this road. From the South: Turn left on 622, about 3 miles after passing The Virginia Inn and Colonial Motel. East and West traffic: Take 460 to 29; we can advise shorter routes for your return trip.

PLANTATION GARDENS, RUSTBURG, VA.

BUSINESS TERMS—Send remittance with all orders, including shipping on plants. These are cash in advance prices and if billing is required we add a fee for handling and collection charges. This list cancels prices in previous catalogs and are subject to change when necessary. Since our last "Silent Salesman"—mail order catalog—many prices have been reduced so that more gardeners can grow our wonderful herbs. Primarily we are seed growers—with ample stock of all offered at this time—but it is always possible that some of the plants will be in limited supply at the time order is received. Therefore it is wise to suggest alternates when selecting plants later on in the selling season—if any chosen are somewhat higher in price we will ship without added cost for your favor of allowing us to make a change and thus expedite matters to mutual advantage.

OUR WONDERFUL SEEDS CAN NOT BE BOUGHT ELSEWHERE—Buy all your herb seed direct from the grower. **MINIMUM ORDER** for seed: \$1.00 ppd.

OUR LARGE STURDY PLANTS ARE OF FINE QUALITY—also reasonably priced and correctly labeled. **MINIMUM ORDER** for plants: \$3.00 F. O. B.

PLANT SHIPPING CHARGES—please add to your plant order:

East of the Mississippi—\$1.35 for 8 plants or less.

West of the Mississippi—\$1.60 for 8 plants or less.

West of the Rockies—\$2.50 for 8 plants or less.

Extra plants—over the 8—add 5c for each plant in the first two areas above and add 7c per plant for far western states.

These shipping costs include packing, parcel post and Special Handling (for quick transit); add 25c to total for Special Delivery to city addresses if desired.

We ship plants anywhere in the United States. For distant parts—such as Hawaii or Alaska—Air Parcelpost only. Cartons of 8 large plants usually cost \$4.00. Add enough to cover costs.

PLANTS ARE SHIPPED AT PROPER TIME FOR YOUR AREA—we do not ship in hot weather or in midwinter.

**We Are a Government Certified Nursery and
Can Ship Plants with Soil**

OTHER SEASONS—After 10:30 A. M.

Mr. and Mrs. Bruce Chalfin—Phone 239-0985

(Virginia Code Area 703)

QUICK FACTS ABOUT PLANTATION GARDENS

SEEDS—Our wonderful seeds can not be bought elsewhere. We grow them here, keeping exclusively for our thousands of customers. As you will note in our price list, many varieties are very rare . . . seeds are collected one by one with loving care. Fresh seeds of all kinds are supplied throughout the year from current crops, as they become ripe, and are stored properly at once after being cleaned in small quantities. American-grown seeds for American gardens give best results when collected at the apex of their maturity. We know our seeds are the best you can buy anywhere.

PLANTS—We feature large sturdy fieldgrown stock, not miserable cuttings with stringy roots that must go into the convalescent ward, if they make the grade at all. We are proud to say that few nurseries today sell as fine quality herb plants as ours. We do all our own work, are not greedy to make big instant profits, and send out only the kind of stock that we ourselves would like to receive. Most of our plants are hardy perennials, but the few tender ones we raise in a small greenhouse are jumbo sizes, transplanted at least twice. All our herbs are packed well, labeled, and shipped with sufficient soil around the roots.

PRICES—Do not be misled. Our prices are not only in line with competitive concerns—many of ours are cheaper—but are worth every penny we ask for them. Immediate dividends are realized, your garden looks pretty at once, all will bloom the first season. No waiting for our herbs—we coddle and coax them before we ship or sell to any of our customers. Shipping costs may seem high to new clients, but field stock, plus soil and ample packing materials weigh a lot—the quick transit fees added are essential for perishable and living things. We have a highly humane feeling about herbs.

WELL-KNOWN GARDENS buy from us year after year. Read this impressive list: The Cloisters (N.Y.C.), Colonial Williamsburg, Wakefield (Geo. Washington's Birthplace), Longwood Gardens, Plimoth Plantation (Mass.), Whitnall Gardens (Wis.), botanical

gardens and restorations, the annual flower shows in Chicago, New York and Philadelphia. We are proud to say that we designed, in 1959, the Greensboro Junior Art Museum Garden, N. C., supplying all the herbs, and we did likewise, in 1960, for the fabulous Elizabethan Garden on Roanoke Island, N. C. Need we say more?

GARDEN DESIGNS. A properly planned herb garden saves you money, gives easier care, prettier appearance. Take advantage of our know-how. Just for you we will make a scaled drawing, supply cultural advice, send specific bill of goods needed. Our fees are low: Small Garden, \$5.00—other sizes \$10.00 or \$15.00 depending on elaborateness of layout. Send us particulars: measurements of your plot, exposure, etc. None can be supplied during our rush season of April and May, so start early. Our handbooks are helpful if you wish to try your hand at planning your own.

CHECK LISTS:

HERB HANDBOOKS

By Eleanor P. Chalfin (Mrs. Bruce Chalfin)

THE USEFUL HERBS, \$1.00 postpaid:

Contains valuable information on the 75 most useful household herbs . . . cooking hints, herb teas, plant culture, seed sowing tables, harvesting . . . plants to grow for sachets and bouquets. An excellent herb book worth twice the price. Don't miss this best seller at only one dollar—special price for 1961.

HERBS DESCRIBED, \$1.75 postpaid:

The very rare herbs, as well as the well-known varieties—more than 200 in all—are aptly described with a touch of gaiety to make most palatable reading. Gardeners refer to it often, and many admirers keep it by the bedside for pleasant and profitable perusing. Includes garden plans and index.

HERB NAMES, Phonetically Pronounced, 40c (35c with seed or book orders)

Here's help for the baffled. Let's admit it, many gardeners stammer over herb names and get stranded in the midst of the botanical terms and their meanings. With this attractive booklet you can get them right every time. An authoritative bibliography is supplied, common names listed alphabetically.

COMBINATION BOOK OFFER FOR 1961

All 3 books, \$3.00 ppd.

GARDENING GUIDES for your area—20c each ppd., or 15c with your seed or book order. These are offered only by us and have proved useful to thousands of herb growers for years.

SPECIAL OFFERS FOR FALL 1961

Tie a string to your green thumb so you don't forget Christmas orders must be received by December 7th.

DRIED ARRANGEMENT MATERIAL: Colorful florals and foliages of unusual beauty, plus rare pods—enough for 2 or 3 bouquets, at low, low price: \$3.00 ppd.

PLANTATION CHRISTMAS GREENS: Unique assortment of boxwood, red cedar, cedar of Lebanon, China fir, etc with cones—sufficient to trim your house (or as a gift); \$3.50 ppd.

EVERGREEN HERB SPRAYS: For wreaths and vases at Christmastime, including rosemary and boxwood, \$4.00 ppd.

PLANTATION GARDENS, RUSTBURG, VA.

Please do not send orders or letters to Lynchburg; our mail should all be addressed to Rustburg. However garden visitors should follow directions, from Lynchburg, and not go to Rustburg—see front cover for our location.
